TO INVITE HON. JOSEPH T. ROBINSON TO ADDRESS THE LEGISLATURE.

Whereas, The Hon. Joseph T. Robinson, United States Senator from Arkansas, is one of the foremost Democrats in the United States, a son of the South, and a friend of those principles of progress that have long stamped the Democratic party as the instrument through which progressive statesmanship can hope to make itself felt in America; and

Whereas, At this time it behooves all good Democrats to unite their forces and support their leaders, especially those of the type of the said Joseph T. Robinson, as an essential part in the program required for the welfare of the Democratic party and for the proper service of said party to our country, and in order to avoid the injection of the prohibition question into the campaign of 1932, and especially at this time because of the vital economic issues that face our country and that must be met in an intelligent manner, which has not been done by the Republican party; now, therefore, be it

Resolved, That the Hon. Joseph T. Robinson be and is hereby invited to address the Legislature of the State of Texas; and be it further

Resolved, That a copy of this resolution be sent to the Hon. Joseph T. Robinson.

Whereas, The word "aid" appeared in Section 11 of the bill instead of the word "said," which error would invalidate said bill; therefore, be it

Resolved, by the Senate, the House of Representatives concurring, That the Enrolling Clerk of the Senate be and he is hereby authorized to correct the typographical error above referred to.

All salaries shall be paid in twelve equal monthly installments except as otherwise herein provided; and all employes may receive board except when otherwise stated.

No property belonging to any one of the above institutions shall be sold or disposed of without the consent of the Board of Control; and all proceeds from the sale of any such property, from labor performed, and from the sale of crops and pay patient funds, shall become a special fund to be expended under the direction and approval of the State Board of Control. The State Board of Control is hereby authorized to use out of the proceeds of said special funds such amounts as may be necessary to equip each of the above institutions with radio, loud speakers, and talking picture machines, including necessary equipment, for the entertainment and diversion and therapeutic improvement of the patients and inmates, and a complete statement of all such transactions shall be made in the annual report of said institutions.

The appropriations herein provided for are to be construed as the maximum sums to be appropriated to and for the several purposes named herein, and no expenditure shall be made, nor shall any obligations be incurred, which, added to the actual expenditures will exceed the amount herein appropriated for either of said purposes.

If any work be not done or the place not filled by the appointment of a person, for whom a salary is herein fixed, then such salary shall lapse and be returned to or left in the State Treasury, provided, that no person for whom any salary is herein fixed shall be allowed to draw more than the amount of such salary from any other salary or amount herein fixed, or from any fees authorized to be charged, or from any State fund or funds under the control of the governing authority of such particular institution; and provided that if any amount herein fixed for any particular purpose be not used for such purpose, in whole, or in part, the unused portion of such fixed amount shall be returned to or left in the State Treasury; provided further, that this language shall not be construed to prevent promotion, or the transfer of one employe from the position for which employed, having affixed thereto one salary, to another position having affixed a different salary.

When, under this bill, the family of one superintendent, officer or employe of any of the said institutions, are permitted to live at said institution, and

furnished with board, fuel, lights, laundry, water, housing, or furnished any of said things, the word "family" shall be construed to mean the immediate family of said superintendent, officer or employe, including himself, wife, one adult child, and any minor children, and when any officer or employe is to be furnished with provisions not to exceed some certain amount stated, it shall be the duty of the storekeeper and accountant to charge said superintendent, officer or employe with each item of provisions as furnished him, showing the price or value thereof, and said storekeeper shall not permit the amount authorized to be exceeded, and shall make a monthly report of same to the Board of Control and said Board of Control shall be charged with the duty of seeing that no account for such provisions exceeds the amount allowed therefor; provided the Board of Control shall authorize one of the cooks provided in the act to be assigned to the superintendent's quarters.

And it shall be further provided that the heads of all said institutions hereinbefore mentioned shall keep a record of the absence of various employes and the reasons therefor, whether from sickness, vacation, or leave of absence, and that the record of such absences be incorporated in the report made annually by the head of said institution.

Provided, that all new buildings authorized by this act, costing more than \$10,000 and for which appropriations are hereby made, except as otherwise provided, shall be of fireproof construction.

The amounts appropriated in this act are intended to cover and shall cover the entire cost of the respective items; and shall not be supplemented from any other source whatever, and no portion of the money appropriated for any particular item shall be used or expended for any other item than that for which such appropriation was made; and no salary for which an appropriation is made herein shall be paid to any person unless such person actually discharges the duties of the position for which such appropriation was made; and no portion of an appropriation for one position shall be paid to any person holding any position other than that for which such appropriation was made; and it is especially provided hereby that all contracts and undertakings entered into, under and by virtue of the terms hereof, for improvements, enlargements, and repairs on buildings and grounds, and for the construction of new buildings, and for furnishings and equipment of buildings, shall be made strictly within the limits and terms of the appropriation made for such purposes, and it shall be the duty of the Board of Control of the various institutions, in the consideration and adoption of plans, specifications and contracts therefor, not to exceed such appropriations nor to incur any obligations in excess thereof. It is provided, however, that the superintendents of such institutions, under the direction and upon the written approval of the State Board of Control, shall be authorized to make such changes and substitutions within the totals appropriated for maintenance and miscellaneous items, and repairs and improvements, except new buildings, as may be found necessary, the total sum not to exceed the total amount appropriated for such purposes.

It is provided that none of the money herein appropriated for the State Tuberculosis Sanatorium shall be used to treat any person who has not been a resident bona fide citizen of Texas for at least three years; provided, however, that this provision shall not apply to any child born in the State of Texas.

It is further provided that the expenditure of all money herein appropriated for the maintenance and welfare of the Alabama and Coushatti Indians in Polk county, shall be under the direction of the Board of Control, and that all employes, except as otherwise provided, shall be appointed by and be under the supervision of said Board of Control.

Any superintendent of any of the foregoing institutions named in this bill, for which an appropriation is made herein, or any other person charged with the duty of disbursing the funds appropriated herein, who shall knowingly violate any of the provisions of this act, shall be deemed guilty of official misconduct, which shall be, and the same is hereby, made a ground for the removal of such person from office.

Provided, that all printing and stationery shall be purchased through the Board of Control and shall be confined to such articles and qualities as selected and contracted for by the Board of Control.

When a real necessity exists for additional help at any of the eleemosynary institutions, the superintendent of the institution where such need exists, on the written approval and consent of the Board of Control, may employ such additional help, and pay for same out of any local or pay patient funds, or out of the support and maintenance appropriation, of such institution; provided, that no salaries for such additional help shall be paid in a larger amount than the regular appropriated salaries for similar positions at such institution or similar institutions, and that none of said funds shall be used to supplement or increase any salaries specifically fixed by the Legislature.

Sec. 2. The fact that the above and foregoing is one of the regular appropriation bills for the support of the State eleemosynary institutions for the two fiscal years beginning September 1, 1931, and ending August 31, 1933, creates a necessity for the expediting of the passage of this appropriation bill, and an emergency and an imperative public necessity, which demands that the constitutional rule requiring bills to be read on three several days be suspended, and that this bill become effective from and after its passage, and it is so enacted.
